Experience

DesignPettai

Design Technologist

OCT 2024 – PRESENT

Designed intuitive web and mobile user interfaces using Figma, ensuring seamless user experiences aligned with business objectives.

Created user flows, wireframes, high-fidelity mockups, and interactive prototypes to validate design concepts and improve usability.

Conducted UX research and translated user needs and stakeholder requirements into scalable, user-centered design solutions.

Collaborated closely with developers, product teams, and stakeholders to deliver responsive, accessible, and impact digital products.

Gove.co

Software Developer

JUN 2023– JUN 2024

Collaborated with clients and stakeholders to gather requirements and translate business needs into effective software solutions.

Developed and maintained databases and business logic using Microsoft SQL Server to support enterprise applications.

Participated in application development, testing, debugging, and optimization to improve system performance and reliability.

Worked closely with cross-functional teams to deliver scalable solutions aligned with client objectives and business goals.
